King of the Grill

Whether it's gas or charcoal, Toplevel has the perfect barbecue for you, and all the accessories you could need too.

Don't forget your BBQ essentials

Using the Weber Chimney Starter

A chimney starter is the easiest way to start any charcoal BBQ.

Step 1 - Insert paper or firelighters under chimney starter's wire rack, with briquettes sitting on top of rack.

Step 2 - Light paper/firelighters, briquettes will begin to heat up evenly.

Step 3 - When briquettes are hot enough (covered with white ash), use oven gloves to safely empty charcoal into BBQ.
